Georg Meyer-Wiel's large-scale paintings fuse the figurative and the abstract and are usually the result of long-term research and complex material processes. Using a mix of acrylic paints, metals and various natural materials, his paintings are a direct physical and emotional response to the world that surrounds him.

His artwork has been exhibited in the UK, Germany, France, Italy, Greece, Finland, Australia and the USA, and he is represented in well over 100 private art collections. Major exhibitions have taken place at Hockney Gallery London, Henry Moore Gallery London, Michael Commerford Gallery Sydney and the Kunstmuseum Bonn, Germany.

**Georg Meyer-Wiel is based in London. His studio can be visited by appointment.**
